Kevin Burke Flagstaff City Manager  
City of Flagstaff  
211 W. Aspen Avenue  
Flagstaff, Arizona 86001

Dear Flagstaff City Manager Burke,

We are filing a Citizens Petition:

Under the first amendment of the constitution of the United States of America and under the Flagstaff City Charter Article II, Section 17. We request the City of Flagstaff to do the following:

To further examine its useage of all water supplies in the city and in surrounding areas;

To postpone artificial snowmaking until stronger and more encompassing city standards are met and consented upon by the public;

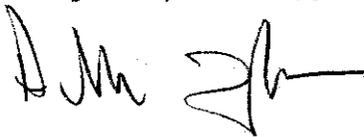

To actively be accountable for any infringements on the health of our whole community by moving forward with an outdated resolution of reclaimed wastewater regulation and lack of serious analysis of potential contaminants within this wastewater;

To fund and encourage more research about the safety of reclaimed wastewater;

And finally, to use and allocate a finite resource that's essential to all life, and not just to the existence of business, more responsibly.

Sincerely,

Ann Marie Zeller
