Trax Neighborhood Meeting
February 20, 2014
Record of Proceedings

Details of Techniques Used to Involve Public:

1. Date and Location of Neighborhood Meeting:
   February 20, 2014 – 5:30 pm. Flagstaff Aquaplex

2. Copies of letters, notices, newsletters and other correspondence, including dates and numbers of mailings of deliveries. Please see attachments:
   a. Attachment 1 – Letter mailed on January 23, 2014
   b. Attachment 2 – Letter mailed on February 4, 2014

3. Copy of mailing list, summary of where residents, property owners, and potentially affected citizens received notices, newsletters, or other written materials were located.
   a. Attachment 3 includes the mailing list and map of where the letters were sent.
   b. Materials were also provided on the City of Flagstaff website.

4. The number and names of people that participated in the process based on the sign-in sheet for the meeting.
   a. 37 people signed-in for the meeting (see sign-in sheet at Attachment 4).

5. Dated photograph of the sign installed in compliance with Subsection D5.
   a. See Attachment 5.

6. A summary of concerns, issues and problems expressed during the neighborhood meeting:

Introduction:

The meeting attendees were provided a brief over view of the project. Evergreen explained the following:

1. Evergreen is buying the property from the City
2. We are filing for a zone change
3. The project will be developed in phases
4. The site plan and elevations are conceptual
5. Discussion of access points and new signals
6. FUTS trail along the back of the site

Comments:

After the introduction, the meeting attendees were given the opportunity to ask questions or provide comments. The feedback received at the meeting is listed below.

1. What kind of landscaping will be provided within the parking lot and along the frontage:
   Response: Evergreen intends to comply with City Code with regards to landscaping.

2. How long will construction on the roadways take?
   Response: We do not have a construction schedule at this time. We will be working with ADOT and the City on traffic control plans during construction to minimize traffic delays while trying to complete the work as quickly as possible.
3. What is the overall time frame for the project?
   Response: We will be developing Area A first. Other phases will be developed based on market demand. We hope to start construction on Area A by the end of the year and complete construction on that phase in 6-8 months.
4. Will Big Box retailers go on this site?
   Response: No. Because the site is so narrow, a big box retailer would not fit on this site.
5. Will there be local tenants? Or just national chains?
   Response: Our broker is currently focusing his marketing efforts with larger tenants to fill the "anchor" spaces. Once we have that draw, we will be able to fill in with smaller and local tenants.
6. What is the estimate total square footage of the buildings?
   Response: 120,000 sf, but will depend on what tenants are secured for the site.
7. Has there been a drainage study completed? There is an issue with drainage on 4th Street.
   Response: We completed a drainage analysis. Our site will include some underground retention with water bleeding off into the wash. We are unaware of drainage issues on 4th Street but do not anticipate that our project would add to the problem.
8. Why is there a sense of urgency in getting this processed through the City? Is there a "drop dead" date with the City?
   Response: The sense of urgency is due to tenant interest and their desired opening timeframes.
9. What changes will be made to Route 66? Will there be medians?
   Response: Our work we mainly be deceleration lanes and traffic signal work. There is not a median planned in Route 66.
10. How will the flow of traffic be affected on Route 66 with the addition of the traffic signal?
    Response: The lights will be synchronized so there should be minimal disruption in the flow of traffic.
11. There is a lot of existing traffic on the bridge. Is there any plan to widen the bridge?
    Response: We have no plans to widen the bridge.
12. What efforts have been made to use local builders?
    Response: We have talked to local GC's and plan to go out to bid to both Flagstaff and Phoenix GC's. The GC's will hire the subcontractors so we have less control on where the subs come from. We will only be completing the infrastructure improvements and each tenant will complete their own building.
13. Will there be any community gathering spaces (e.g. Heritage Square in Phoenix)?
    Response: The narrowness of the site inhibits the ability to do larger gathering spaces but we will have some smaller pedestrian amenities. We will also provide the FUTS trail.
14. Is the TIA available for public review?
    Response: We are in the middle of updating the TIA with ADOT's comments but would be happy to provide it to anyone that is interested after that.
15. What will you do with the prairie dogs on site?
    Response: We were unaware that there is a prairie dog issue on the site but will research it and determine the best way to handle it.
16. Will the FUTS trail also be built in phases?
    Response: Yes. But there will be access back to the sidewalk on Route 66.
17. Will Route 66 still have the sidewalk?

Response: Yes.

18. Will there be bicycle parking?
    Response: Yes.
19. Do the impact fees in the new regional plan apply to this project?
    Response: We are not sure but will check with the City.
20. Would you do mixed use on this site (residential above commercial)?
    Response: We would be open to it, but it would be unlikely.
21. Will there be bus stops added?
    Response: We would not have an objection to this, but the City has not indicated that it is necessary.
22. What are we doing to get local interest from businesses?
    Response: We have hired two brokerage teams with one of them in Flagstaff. The anchors are needed before the smaller tenants can be filled in. We are open to any ideas on tenants.

Re: The Trax Commercial Development
South of Route 66 between Arrowhead Avenue and Postal Boulevard

Dear Neighbor:

I am writing to notify you of a development proposal South of Route 66 between Arrowhead Avenue and Postal Boulevard.

The project will consist of commercial uses that may include restaurants, shopping, office, banking, hotel and service uses. We believe this will be a positive addition to the neighborhood and the City of Flagstaff.

We will conduct an informational meeting on the proposed development on Thursday, February 6th at 5:45 p.m. at the Aquaplex at 1702 N. 4th Street, Flagstaff AZ 86004.

Enclosed is a conceptual site plan for your review. If you have any questions or concerns please feel free to contact me at (602) 808-8600 or khayes@evgre.com. Thank you in advance for your time and attention, I look forward to a successful development.

Respectfully,

Kelly Hayes

*****************MEETING RESCHEDULED*****************

Re: The Trax Commercial Development
South of Route 66 between Arrowhead Avenue and Postal Boulevard

Dear Neighbor:

Unfortunately, we need to reschedule the informational meeting about our proposed development that was originally scheduled for February 6th.

The informational meeting for the proposed development is now scheduled for Thursday February 20th at 5:30 p.m. at the Aquaplex at 1702 N. 4th Street, Flagstaff AZ 86004.

If you have any questions or concerns please feel free to contact me at (602) 808-8600 or khayes@evgre.com. Thank you in advance for your time and attention, I look forward to a successful development.

Respectfully,

Kelly Hayes
