Re: Arizona ICAC Task Force Sub-Grant Funds for 2014-2015

Greetings Arizona ICAC Task Force Affiliate,

The Arizona Internet Crimes Against Children (ICAC) Task Force is a partially grant-funded network of Arizona law enforcement agencies whose mission is to apprehend and bring to justice Internet sexual predators and Internet child pornographers. The Arizona ICAC is one of 61 Task Forces located throughout the United States (see www.icactraining.org). Within Arizona, there are now 57 agencies affiliated with the Task Force through an Intergovernmental Agreement (IGA).

The FY 2014-2015 Department of Justice ICAC Continuation grant permits us to share funding for training and equipment with affiliated law enforcement agencies. We are pleased to offer the following support to your agency:

Funding for equipment and/or training

Reimbursement funds to affiliated agencies for the purpose of purchasing equipment and/or training to assist in the investigation of Internet crimes against children. There is a short application process (see attachment).

Nationwide ICAC training program

The ICAC Training and Technical Assistance Program web site (www.icactraining.org) provides links and information about training that will assist law enforcement in dealing with Internet crimes against children.

We invite all affiliated agencies to submit the attached sub-grant applications and to visit our training and information web site (www.azicac.org). The sub-grant involves a reimbursement process. Once your agency is approved for funds, you will be required to complete all purchases using your departmental funds and your agency will then be reimbursed for the expenses.

For further information, contact Sgt. Jerry Barker at 623-466-1828, jerry.barker@phoenix.gov or Vanessa Villa Secretary II at 623-466-1835, vanessa.villa@phoenix.gov

2. Describe the Internet crimes against children problem(s) to be addressed through the use of the requested training and/or equipment. (attach additional information if necessary, not exceeding 250 words)

The Flagstaff Police Department created a computer forensics lab in the year 2000. This lab supports agencies throughout Northern Arizona. Since that time, the Flagstaff Police Department has assisted the FBI, DEA, DPS, Williams Police Department, NAU Police Department, Metro, and the Northern Arizona Street Crimes Task Force with computer related investigations. These investigations have resulted in arrests for crimes including sexual assault, sexual exploitation of a minor, child molestation, sexual abuse, kidnapping, and others.

The Forensics lab currently has only one remaining Certified Forensic Computer Examiner due to the loss of employees. The second examiner, Sgt. Gene Shantz, recently left the Flagstaff Police department to work in the private sector. He remains a reserve officer with this agency, but as of this time he has not been able to work in the computer lab due to his new employment.

The computer forensics lab at the Flagstaff Police Department has four forensic workstations utilizing FTK toolkit, EnCase Forensic ver. 6 and ver. 7. Due to the ever changing dynamics of computer investigations, we are seeking funding so the remaining examiner can receive training for current procedures and methods of computer forensics and to send a new examiner to the IACIS Basic training course in Florida to ultimately obtain a Certified Forensic Computer Examiner (CFCE) certification.

3. Does your agency agree to comply with Department of Justice, Office of Juvenile Justice and Delinquency Prevention assurances as described at the web page:
(See attached screen shots)

Yes
No

4. Does your agency agree to provide monthly statistical reports of ICAC investigations, arrests and trainings to the Arizona ICAC? (see attachment)

Yes
No

5. Does your agency agree to abide by Internet Crimes Against Children Program Operational and Investigative Standards? (You may obtain the standards by contacting Sgt. Jerry Barker at 623-466-1828 or by email at jerry.barker@phoenix.gov.)

Yes
No
