CCSO – Coconino County is the second largest county in the nation, with over 18,600 square miles. Our goal of this project is to utilize the funds for Crisis Intervention Training for our law enforcement officers. These methods are to help reduce recidivism and criminal disorder by the severely mentally ill.

**Description of Strategies:**

FPD has a proven track record of establishing and maintaining crime prevention programs that elicit cooperation between community members and law enforcement personnel to control, detect and investigate crime. Using Community Policing principles and a CompStat policing model we have achieved a multifaceted, dynamic approach to crime reduction, improving quality of life and resource allocation. Crime data is collected, disseminated and analyzed on a regular basis so that effective strategies and tactics can be developed to prevent or solve crimes. Using CompStat data, department personnel and resources are rapidly deployed to most effectively reduce crime and protect property and relentless follow-up and assessment helps ensure results are achieved.

CCSO – Our strategy aligns with the Arizona State Homeland Security Strategy of Strengthening Information Sharing and Collaboration Capabilities. This project supports the State Strategy through prevention, protection, response, and recovery from all critical hazards by bolstering the common communication capability in interoperable voice communication.
