Proposal Summary

Proposal Summary:

Please include a summary of funding requested by program area (Alcohol, Aggressive Driving, Occupant Protection etc...).

D.U.I. TASKFORCE OPERATIONS

The Flagstaff Police Department, in partnership with our local community, is interested in obtaining grant funding to pay for officer overtime activities associated with increased D.U.I. enforcement. The mission of the Flagstaff Police Department is to preserve life and property. One of our departmental goals is to make our city streets safer by reducing traffic-related injuries and fatalities. We feel that this can best be accomplished by increasing D.U.I. awareness through education about the dangers of driving under the influence and by directed enforcement activities that remove impaired drivers from our streets. The Flagstaff Police Department is committed to making our city streets safer for motorists, bicyclists and pedestrians. Drunk drivers present a real threat to the safety of all persons on or near the highway. The costs associated with the loss of human life, injuries and property damage is an enormous burden on our community. The total amount requested for the D.U.I. Task Force is \$56,550.00.

Background/Problem:

Provide general characteristics of the agency, including information on population, demographics, and a description of streets and highways in the agency's jurisdiction including road mileage.

The City of Flagstaff is the county seat of Coconino County. The city sits at approximately 7000 feet above sea level; at this altitude weather conditions significantly effect driving. Snow, rain, wind and fog frequently contribute to hazardous road conditions and collisions. These facts are amplified when impaired drivers are thrown into the mix. Statistical information for vehicles registered in Flagstaff is currently unavailable. However, the Arizona Department of Transportation indicated approximately 172,932 are registered in Coconino County. This does not necessarily include the vehicles registered to the 20,839 plus students enrolled at Northern Arizona University and doesn't consider our high volume tourist related traffic. The majority of registered vehicles can be associated with Flagstaff and the surrounding commuter communities.

Streets and highways:

With a major University located in our city, both summer and winter tourist activity, we have a large volume of commuter and tourist vehicle traffic. Major roadways within our community include: Interstate 17, Interstate 40, U.S. Highway 89, U.S. Highway 180, and Historic Route 66. There are approximately 35 miles of state owned highways in the City of Flagstaff. These highways account for large numbers of interstate vehicles in transit. The local economy is dependent on tourism. The City of Flagstaff contains approximately 65 square miles, which is serviced by approximately 634 miles of surfaced roadways. The major commuter accessible corridors account for approximately 20 miles of road surface. The majority of impaired drivers either interdicted or arrested after being involved in a collision are found on these roads.

Problem Statement:

What problem is your agency looking to solve with this grant? Provide appropriate data to support funding. In keeping with our mission to protect citizens, and in conjunction with area D.U.I. taskforce operations, the Flagstaff Police Department expects each of its patrol officers to proactively engage in the arrest of drunk drivers. These police officers are typically attached to patrol squads that work during the evening and nighttime hours. During their shift, these officers are responsible for answering calls for service while remaining vigilant for D.U.I. offenders.

Prior to July 2012 there was not an existing DRE program within the Flagstaff Police Department. In 2012, we

Proposal Summary

trained 3 DRE officers and 6-more in February 2015 bringing our total up to 9. Since 2013 there have been 238 D.U.I drug arrests in Flagstaff. In 2013 there were 80 D.U.I drug arrests and only 18 DRE evaluations conducted. In 2014 there were 78 D.U.I drug arrests and 56 evaluations. In 2015 there were 80 D.U.I drug arrests and 54 of those were evaluated. Out of those 238 D.U.I drug arrests 34 were under age. The increase in evaluations is due to two of the DRE's becoming instructors and being more aggressive with the D.U.I drug arrests. Over the last three years out of the 238 D.U.I drug arrest only 128 have had evaluations done. With the ever changing medical marijuana laws and the new ruling of Carboxy not being allowed for impairment there is a greater need for DRE trained officers to respond and conduct an evaluation to call a drug category. With overtime funds we would have the ability to call out DRE'S to assist in impaired drivers under influence of drugs along with serious injury collisions and fatalities where drugs may be a factor. This will help identify D.U.I drug offenders that were not previously detected and assist with developing a strong case to aide in prosecution.

During this three year period, we had 71 injury collisions and 1 fatal collision that were alcohol related, 99 injury collisions were speed related out of 1,197 total injury accidents. We feel there is a direct correlation between the removal of impaired drivers from the roadways and the reduction of alcohol and/or drug related injury or fatality motor vehicle accidents. Our proposal concerns the granting of overtime reimbursement funds for directed patrol efforts at interdiction of impaired drivers by alcohol or drugs. As listed above, our officers have achieved some success to date while working regular shifts and handling responsibilities for all calls for service. We would like to deploy enforcement specific officers, specifically on special weekends and holidays where an increase in impaired driving can be anticipated.

If you have additional information, please upload:

Attempts to Solve Problem

Attempts to Solve Problem:

Identify past attempts to solve the problem identified in your proposal.

The Flagstaff Police Department considers any loss of life or limb to a drug or alcohol-related, motor vehicle accident unacceptable. Our desire is to combat this situation by incorporating community-oriented policing and Comp Stat strategies into our patrol and enforcement efforts. We have a long standing tradition of aggressive D.U.I. interdiction and enforcement. Every officer in our organization is held accountable to D.U.I. arrest standards. Each officer working a night shift is expected to make at least three D.U.I. arrests per month to achieve a standard performance rating. This is done in the interest of protecting life and property. We have conducted both in-service and advanced officer training in D.U.I. detection by alcohol and drugs. Past patrol efforts to resolve this community challenge have proven very successful, with demonstrable reductions in vehicle collisions where alcohol was a factor. These efforts have been supported with D.U.I. overtime operations such as task force patrols, and directed patrols on weekends and holidays. These efforts are staffed by officers on overtime to enhance effectiveness. Without these approaches it is difficult, if not impossible, to staff these operations with on-duty officers as they have primary responsibilities to respond to a variety of calls for service during their shifts.

The average D.U.I. arrest rate for a community of our size based on data from A Coalition for Mutual Support Benchmark City Survey 2014 Data report was 3.3 D.U.I. arrests per 1,000 population. Our tenacious efforts led to 593 D.U.I. arrests in 2015 which works out to an arrest rate of 9.12 D.U.I. arrests per 1,000 population. This was triple the number of arrests which most communities of our size are reporting. Comparative data has not yet been released for 2015. However, we suspect our arrest rate of 9.12 D.U.I. arrests per 1,000 population will still be at least double that of comparative communities based on our aggressive enforcement (600 D.U.I. arrests, 65,000 population, = 9.12 D.U.I. arrest rate).

Despite the aggressive D.U.I. arrest rate, we feel that we have the potential to be even more effective and have a greater impact in the area of total D.U.I. detection and apprehension during peak hours. For the three-year period of 2013 through 2015, the Flagstaff Police Department made a total of 1,845 D.U.I. arrests. During this same period, the department had a total of 7,971 motor vehicle collisions. This accident total includes 1,197 state collisions where injuries were reported and 13 state collisions where fatalities were reported. For the years 2014 and 2015 the Flagstaff Police Department issued 3,626 civil speed citations, 17 of which were issued for aggressive driving and 22 for criminal speed.

 Project Objectives, Methods of Procedure, Performance Measures: Project 1

Title: Project 1

Objectives of the projects in your proposal should follow the SMART method. They should be:

S = Specific**M = Measurable****A = Action-Oriented****R = Realistic****T = Time-Framed****Project Objectives:**

The project objectives should be stated in measurable terms directly related to the identified problem, concise and deal with a specific item, realistic, with a reasonable probability of achievement and related to a specific time frame.

Our objective is to significantly reduce drug and alcohol impaired driving in the Flagstaff community by emphasizing traffic-related enforcement:

D.U.I. Enforcement Program:

- D.U.I. enforcement officers specifically detailed to detect and apprehend impaired drivers during strategic times during target days
- Two officers would be assigned on Thursday, Friday, and/or Saturday nights from 9:00pm until 3:00am until grant funds have been depleted
- Holiday D.U.I. enforcement: Officers would be assigned to D.U.I. enforcement during holiday weekends that are characterized by an increase in traffic fatalities and injuries associated with impaired driving. These holiday weekends include (but are not limited to) New Years Eve, Labor Day, St. Patrick's Day, the Memorial Day Weekend, 4th of July and two annual graduation weekends for Northern Arizona University. This holiday enforcement would continue until grant funds have been depleted
- D.U.I. enforcement officers will be vigilant for safety belt and child restraint violations
- DRE trained officers will be called out or used for evaluations when situations dictate and in serious injury or fatal collisions

October 1, 2016 – December 31, 2016

ENFORCEMENT:

Holiday Task Force Patrols for Thanksgiving Weekend, December Holiday Weekend, and New Years Holiday Weekend, with five additional task force patrols

EDUCATION/PREVENTION:

Officers will attend 3 D.U.I. impact panels (6 hrs.)

Conduct a two hour presentation at the Law Enforcement Citizens Academy

Six hours performing outreach at various city sponsored events

January 1, 2017 - March 31, 2017

ENFORCEMENT:

Five Task Force Patrols, including St. Patrick's Day and Spring Break

EDUCATION/PREVENTION:

Officers will attend 3 D.U.I. impact panels (6 hrs.)

Six hours performing outreach at various city sponsored events

April 1, 2017 – June 30, 2017

ENFORCEMENT:

 Project Objectives, Methods of Procedure, Performance Measures: Project 1

5 Task Force Patrols to include; Prom weekend, end of semester, graduation and Memorial Day

EDUCATION/PREVENTION:

Officers will attend 3 D.U.I. impact panels (6 hrs.)
 2 hour presentation at the Law Enforcement Citizens Academy
 6 hours performing outreach at city sponsored events
 8 hours staffing the graduation night alternative alcohol free venue
 July 1, 2017 – September 30, 2017

ENFORCEMENT:

5 task force patrols, including 4th of July and Labor Day Weekend

EDUCATION/PREVENTION:

Officers will attend 3 D.U.I. impact panels (6 hrs.)
 6 hours performing outreach at various city sponsored events
 24 hours of alcohol abuse prevention outreach for the Coconino County Fair
 Five 2 hour blocks for outreach at city sponsored Concerts in the Park

Method of Procedure:

Detail how your agency will solve the problem and meet the objectives you have set.

Our objective is to mitigate impaired driving to the best of our ability, with what resources are available. We aspire to achieve this objective by educating the community at large about the dangers of impaired driving, and by advertising our directed patrol efforts targeting impaired driving, via local media outlets. We have taken a three pronged approach to do so which includes DUI prevention and education, community based initiatives, and aggressive enforcement.

DUI prevention and education:

- DUI Prevention starts with Officers conducting presentations at the driver's education classes which are held in our local high schools
- Prior to Prom weekend Officers will spend several hours at the local high schools speaking about the unintended consequences of drinking and driving
- DRE trained officers will conduct education in DITEP to teachers at local schools
- Officers will also conduct bi-annual presentations to our citizen's academy on DUI investigations and the dangers of impaired driving
- The FPD will meet with our Downtown Bars prior to the holidays to educate them on Title 4 laws and our zero tolerance policy towards alcohol violations. Team up with the NACASA, to help educate bar employees about date rape and club drugs, to help prevent sexual assaults.
- Officers will conduct community outreach presentations at monthly DUI Impact Panels and staff educational booths during city events throughout the year

We Will Maintain Our Community Partner Initiatives:

- FPD partnered with the City, County, Navajo Nation, Guidance Center, and other community leaders to support the Alcohol Stabilization Unit, which is a detoxification facility that promotes short and long term treatment for alcoholism
- The CCSO Jail has an in-custody rehabilitation (EXODUS) program for DUI offenders.
- Coconino County has also established a DUI and Drug court to hold offenders more accountable and get them more specialized sanctions and treatment options
- The CCJCC is currently working with multiple community partners to maintain a Serial Inebriate program further help with treatment and accountability for those addicted to alcohol

Aggressive Enforcement:

 Project Objectives, Methods of Procedure, Performance Measures: Project 1

- The FPD has made removing impaired drivers one of its highest priorities, which supports its mission of protecting and preserving life and property
- All FPD patrol officers will be held accountable to our minimum performance standards of three DUI arrests per month while working a night shift
- Patrol supervisors will remain diligent in seeking out DUI detection training for their officers, including training in HGN, DUI detection, ARIDE, DRE and how to write search warrants to draw blood on DUI investigations
- The FPD will continue to take advantage of phlebotomy training, and currently has 7 officers trained in drawing blood
- In Feb. 2015, 6 officers and 2 in Jan. 2016 completed DRE training bringing the departments total to 11. We will continue to seek this training for our officers.

Performance Measures:

Establish measurable goals for your proposal. Example: "To decrease alcohol related fatalities 10% from the 2012 base year average of 250 to 225 by September 30, 2017." "To increase DUI arrests 10% above the 2008 base year average of 5,000 to 5,500 by September 30, 2017."

Your agency should enumerate the objectives of the project in this section. Example: "To participate in 4 DUI Task Forces by September 30, 2017." "To participate in 8 speed enforcement details by September 30, 2017."

With the added resources from the Governor's Office of Highway safety, our goals are as follows:

- To reduce the total number of alcohol related accidents by 5%. Our three year average was 74 alcohol related accidents for the years of 2013, 2014 (actual 87), and 2015 (actual 102). Our goal for 2016 is to have less than 80 and 85 in 2017.
- To reduce the number of alcohol injury accidents by 5% as well. Our three year average was 24 alcohol related injury accidents for the years of 2013, 2014 and 2015. Our goal is to have less than 23 in 2015 and 22 in 2016.
- Our D.U.I. goal for calendar year 2016 is 625 arrests. This will be an increase of 32 arrests for 2016 from the 593 D.U.I. arrests made in 2015.
- To conduct at least four educational or prevention events by the end of each quarter.
- To conduct a minimum of four task force events by the end of each quarter

If approved the funds from this grant will allow us to further our prevention, education, enforcement and ultimately help us reach our goal of making our streets safer.

Traffic Data Summary - Law Enforcement

Please include the following traffic data to support the identified problem in your proposal:

Description	(If Available)		
	2015	2014	2013
Sober Designated Drivers Contacted	0	0	0
TOTAL DUI ARRESTS	362	383	363
Aggravated DUI Arrests	103	122	124
Misdemeanor DUI Arrests	259	261	239
Extreme DUI Arrests (.15+)	231	242	264
DUI-Drug Arrests	80	78	80
DRE Evaluations	54	56	18
Under 21 DUI Arrests	36	20	12
Minor Consumption / Possession Arrests	304	441	480
TOTAL AGENCY CITATIONS	10714	8646	9912
Criminal Speed Citations	8	14	11
Aggressive Driving Citations	3	14	0
Civil Speed Citations	2176	1450	1924
Other Citations(Except Speed)	8204	6454	9240
Child Restraint Citations	75	86	125
Seat Belt Citations	248	132	160

Personnel Services

Description

D.U.I. TASKFORCE OPERATIONS

1) Weekly Special Traffic Enforcement Program: (Thursday, Friday and /or Saturday nights)

- \$75 per hour x 2 officers x 12 hrs per week x 20 weeks = \$36,000

2) Holiday D.U.I. Task Force Patrols, Including:

July 4th Weekend,

- \$75 per hour x 2 officers x 6hrs per day x 3 days =\$2,700

Labor Day Weekend,

- \$75 per hour x 2 officers x 6hrs per day x 3 days =\$2,700

0

Thanksgiving Day Weekend

- \$75 per hour x 2 officers x 6 hours per day x 3 days =\$2,700

December Holiday Weekend

- \$75 per hour x 2 officers x 6 hours per day x 3 days =\$2,700

New Years Weekend

- \$75 per hour x 2 officers x 6 hours per day x 3 days =\$2,700

3) D.U.I. Prevention Outreach

- Quarter 1- \$75 Per hour X 14 hours = \$1,050

- Quarter 2- \$75 Per hour X 12 hours = \$900

- Quarter 3- \$75 Per hour X 22 hours = \$1,650

- Quarter 4- \$75 Per hour X 46 hours = \$3,450

Totals:

Total Weekly Special Traffic Enforcement Program patrols = \$36,000

Total Holiday D.U.I. Task Force Overtime Patrols = \$13,500

Total D.U.I. Prevention Outreach = \$7,050

TOTAL GRANT REQUEST =\$56,550
